## PART I: TECHNICAL ASPECTS

### 1. BACKGROUND

The Government of the Republic of the Philippines with the support of the European Union is implementing the Justice Sector Reform Programme: Governance in Justice II (GOJUST II). GOJUST II is funded by the European Union to the value of EUR 19,000,000 and implemented by British Council and United Nations Office for Project Services (UNOPS). GOJUST II builds on and continues the work of the predecessor programme, GOJUST that was implemented from April 2016 to September 2020. GOJUST II is implemented in joint co-financing with the Spanish Agency for International Development Cooperation (EUR 1,000,000). The overall objective of GOJUST is *to contribute to inclusive and sustainable socio-economic development through improved access to justice for all in the Philippines. Specifically, it aims to develop more responsive and accountable justice services*. It includes two components focusing on justice and human rights, respectively. The programme is being implemented from December 2020 to June 2025.

GOJUST II aims to achieve four major result areas, as follows:

- Result 1: Justice sector coordination measures are improved
- Result 2: Strengthened institutional efficiency and effectiveness in the delivery of justice services
- Result 3: Increased access to the justice system for vulnerable groups, including women
- Result 4: Justice policy and practice is informed by evidence and responds to justice needs

Justice and Human Rights policies are at the heart of the Philippine Development Plan 2017-2022, which for the first time includes a dedicated chapter on justice, chapter 6, titled “Pursuing Swift and Fair Administration of Justice”. The chapter enshrines the principle of coordination as a mechanism for bringing about long term and sustainable justice sector reform. The focus is on the enhancement of “civil, criminal, commercial and administrative justice” and the improvement of sector efficiency and accountability while also directing the Commission on Human Rights to intensify its efforts to facilitate access to justice by improving, monitoring and evaluation, empowering the people living in poor and marginalised situations to seek response and remedies for injustice, improving legal protection, awareness and aid, enhancing civil society and parliamentary oversight, addressing human rights violations in the justice sector and, strengthening linkages between formal and informal justice providers.

The justice component will continue and expand some previous GOJUST activities such as improved coordination between and within the justice sector agencies and case management automation interventions to strengthen capacities to decongest overburdened courts, prosecution offices, and reducing pre-trial detention. GOJUST II will also focus on new result areas such as increased access to justice for vulnerable groups and evidence-based policy research and advocacy to inform policy making for improved justice outcomes.

The programme is managed by a Programme Steering Committee (PSC) led by representatives from Supreme Court, the Department of Justice, and the Department of Interior and Local Government. A Programme Director has also been appointed to be the main focal point and point of coordination for the smooth implementation of the programme.

In line with the indirect Management component of the Financing Agreement, a Pillar-Assessed Contribution Agreement (ACA/2020/ 418-821) for the provision of *Technical Assistance for the Justice Sector Reform Programme: Governance in Justice II (GOJUST II)* was awarded to the **British Council** on 7 December 2020 for a period of implementation of 54 months. The contract requires the provision of a Technical Assistance Team consisting of four (4) key experts that will be responsible for the four (4) result areas. In addition, the contract also includes the provision of 3,200 working days of non-key experts that will support the work of the key experts in the delivery of results under the programme.

## 11. EVALUATION CRITERIA

11.1. You will have your tender response evaluated as set out below:

**Stage 1:** Tender responses will be checked to ensure that they have been completed correctly and all necessary information has been provided. Tender responses correctly completed with all relevant information being provided will proceed to Stage 2. Any tender responses not correctly completed in accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a tender response is rejected at this point it will automatically be disqualified and will not be further evaluated.

**Stage 2:** The completed Qualification Questionnaire (*if used*) will then be reviewed to confirm that the potential supplier meets all of the qualification criteria set out in the questionnaire. Potential suppliers that meet the qualification criteria will proceed to Stage 3. Potential suppliers that do not meet the qualification criteria set out in the Qualification Questionnaire (*if used*) may be excluded from the Procurement Process at this point. Where a potential supplier is excluded at this point, its tender response will be rejected in full and not evaluated further and the supplier will automatically be disqualified from this Procurement Process.

**Stage 3:** If a bidder succeeds in passing Stages 1 and 2 of the evaluation, then it will have its detailed tender response to the British Council's requirements evaluated in accordance with the evaluation methodology set out below. Information provided as part of Qualification Questionnaire (*if used*) responses may also be verified as part of this stage.

11.2. Award Criteria – Responses from potential suppliers will be assessed to determine the most suitable tender submission using the following criteria and weightings. Competitive costing criteria will only be used after the selection of a supplier according to technical criteria. The selected supplier will be asked to submit a separate financial proposal detailing daily fee rates.

We may contact prospective candidates for an interview between **17 February and 23 February 2023**.

Qualification and Skills	30%	10 x 0.3
General Professional Experience	30%	10 x 0.3
Specific Professional Experience	30%	10 x 0.3
Competitive costing	10%	10 x 0.1
<b>Total</b>	<b>100%</b>	<b>10 x 1</b>

11.3. Scoring Model – Tender responses will be subject to an initial review at the start of Stage 3 of the evaluation process. Any tender responses not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Tender responses not so rejected will be scored by an evaluation panel appointed by the British Council for all technical criteria i.e., all criteria other than commercial costs, using the following scoring model:

Points	Interpretation
10	<b>Excellent</b> – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.
7	<b>Good</b> – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level of ambiguity due the bidders' failure to provide all information at the level of detail requested.
5	<b>Adequate</b> – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all of the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder's failure to provide all of the evidence requested.
3	<b>Poor</b> – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.
0	<b>Unacceptable</b> – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

11.4. Commercial Evaluation – Your “Overall Price” (as calculated in accordance with requirements of clause 3.3.7) for the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation. Prices must not be subject to any pricing assumptions, qualifications or indexation not provided for explicitly by the British Council as part of the pricing approach. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the British Council as part of the pricing approach, the British Council may reject the full tender response at this point. The British Council may also reject any tender response where the Overall Price for the goods and/or services is considered by the British Council to be abnormally low following the relevant processes set out under the EU procurement rules. A maximum offer score of 10 will be awarded to the tender response offering the lowest “Overall Price”. Other tender responses will be awarded a mark by application of the following formula: (Lowest Overall Price/Overall Price being evaluated) x 10 (rounded to two decimal places) = commercial score.

11.5. Moderation and application of weightings – The evaluation panel appointed for this procurement will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall tender score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

11.6. The winning tender response – The winning tender response shall be the tender response scoring the highest percentage score out of 100 when applying the above evaluation methodology, which is also supported by any required verification evidence (to include, without limitation, any updated information or references relating to any Qualification Question responses) obtained by the Authority relating to any self-certification or other requirements referred to in the Qualification Questionnaire (*if used*). If any verification evidence requested from a supplier, or a relevant third party as may be referred to by the supplier in the Qualification Questionnaire (*if used*) as a party prepared to provide such information, is not provided in accordance with any timescales specified by the British Council and/or any evidence reviewed by the British Council (whose decision shall be final) does not demonstrate compliance with any such requirement, the British Council may reject that tender response in full and disqualify the potential winning supplier from the Procurement Process at that point.
